Dom,

I do not believe you are expected to present specific findings, but rather to share your current technical views on the investigation and draft report in light of the time you have had to reflect on the investigation, the public comments received/reviewed, additional technical points raised, and the like.

This is a time for dialog and a conversation with the Agency's Science Advisor. I believe this is an opportunity for you to give your technical viewpoints and not go over specific findings in detail. That is why it was indicated that powerpoints are not necessary. However, as pictures are often worth 1000 words, if you have any pictures etc that can help convey your views please feel free to use them. Of course you can have the presentation materials available if necessary and helpful to the conversation.

I hope this helps to clarify.

Thanks,  
Cindy

Cindy

I believe my role is to provide a 15 min summary of findings and respond to questions. I am bringing Powerpoint slides for myself, Rick, and Greg to support my role and theirs.

Thanks Dom. The meeting will conclude early Tuesday afternoon so I believe there is time to return on Tuesday rather than Wednesday.

I assume that you understand your role and the expectations of your participation.

Thanks,  
Cindy

Subject: Meeting in Denver - please confirm

I wanted to pass along information on this week's meeting in Denver with apologies if Gary has already provided it to you. It is important that we understand the purpose of this meeting along with our respective roles.

Purpose: to discuss the Path Forward (Bob Sussman) and have a Science Conversation (Glenn Paulson)

Structure:

- 11:00am – 11:15am, Introductions and Opening Remarks (Bob Sussman, Lek Kadel, Howard Cantor)
- 11:15am – 12:15pm, Discussion of Path Forward (Bob Sussman, lead)
- 12:15pm – 1:45pm, Working Lunch: Discussion on Draft Report with Draft Report Authors (Glenn Paulson lead, Facilitator TBD)
- Primary authors (Rick Wilkin, Dom DiGiulio, Greg Oberley) to share current technical views on investigation and draft report in light of time for reflection, public comments, additional technical points raised, etc.
- Each primary author (Rick Wilkin, Dom DiGiulio, Greg Oberley) will have 15 minutes. Powerpoints not needed, though if a picture is useful that's ok; others will be observers
- Discussion with Glenn, moderated by facilitator, TBD
- Conclusion/Common Understandings (Glenn and facilitator, TBD)

Adjourn

Rick and Dom, this is an informal discussion and an opportunity for you to provide your technical perspectives on the investigation.

All,

1. Please confirm that you received this email and understand your respective roles at the meeting. Let me and/or Gary know if you have any questions.

2. Please send me your travel schedules. I would like to get together before the meeting. Gary and I are staying at the Springhill Suites.

I am arriving in Denver on Monday evening and leaving right after the meeting adjourns.

Thank you for making yourselves available for this important meeting.

Cindy
